Healthcare is a Human Right!

Campaign for **New York Health** Orientation

Thursday, November 10
7:30 - 9pm

B'nai Sholom Reform Congregation
420 Whitehall Rd. Albany, NY
Hosted by the Capital District Alliance
for Universal Healthcare

Join the fight to win universal, single-payer healthcare in New York State!

Campaign for NY Health is a statewide coalition dedicated to passing and implementing legislation for universal healthcare, the New York Health Act.

Polling shows that universal healthcare is very popular. We saw this with the rise of Bernie Sanders who made Medicare for All a primary focus of his platform. It's up to us to build a grassroots movement that exposes the inhumane nature of the current pay-or-die healthcare system and that demands healthcare be treated as a human right.
The New York Health Act passed overwhelmingly in the NYS Assembly in 2015 & 2016.

You will walk away from this meeting knowledgeable about the New York Health Act. We will go over the bill and make plans for local organizing so that we can build a movement that upstate New York Senators cannot ignore!
